

SAFETY DATA SHEET

Section 1: Identification

Product Name: Carpet Shampoo
Product ID: 198168826829
Company: Vacuums R Us & Sewing Too 501 Riverside Dr Fort Collins Co 80524 USA T (303) 455-3096
In emergency call 911.
For information about this SDS, use this contact phone#: (303) 455-3096

Section 2: Hazard(s) Identification

GHS-US classification

Not classified

Hazard Statements:

May cause minor skin, eye or lung irritation in extremely hypersensitive individuals.

Precautionary Statements:

Wear protective gloves, eye protection or filter mask if appropriate. Rinse off exposed extremities after handling. If in eyes, rinse with water for several minutes. If skin or eye irritation persists (extremely rare), get medical attention.

Section 3: Composition/ Information on Ingredients

A specific chemical identity and/or percentage of composition has been withheld as a trade secret. Any concentration shown as a range is to protect confidentiality or is due to batch variation.

Chemical Name	CAS#	Conc %
Tetrapotassium Pyrophosphate (Suspension Agent)	7320-34-5	.025-1.5
Ethanol (Surfactant)	64-17-5	.015%-.05%
Tetrasodium N-(3-Carboxyl-1-Sulfopropyl)-N-Stearyl Asparate (Surfactant)	38916-42-6	.5% - 1%
Phosphoric-Acid	7664-38-2	.01% - .04%
Sodium Salt	7722-88-5	..05% - .2%

Section 4: First-Aid Measures

First-aid measures general: If you feel unwell, seek medical advice (show the label where possible).

First-aid measures after inhalation: If you feel unwell, seek medical advice

First-aid measures after skin contact: Wash skin with water and soap.

First-aid measures after eye contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor/physician.

First-aid measures after ingestion: Rinse mouth. Call a poison center or a doctor if you feel unwell.

Symptoms/effects: Not expected to present a significant hazard under anticipated conditions of normal use.

Symptoms/effects after inhalation: None under normal use.

Symptoms/effects after skin contact: Contact during a long period may cause slight irritation.
Symptoms/effects after eye contact: Direct contact with the eyes is likely to be irritating.
Symptoms/effects after ingestion: Gastrointestinal complaints.

Section 5: Fire-Fighting Measures

Suitable extinguishing media: All extinguishing media allowed.
Reactivity: Upon combustion: Thermal decomposition may produce oxides of carbon and nitrogen.
Firefighting instructions: Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water.
Protection during firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.

Section 6: Accidental Release Measures

General measures: Isolate from fire, if possible, without unnecessary risk.

For non-emergency personnel

Protective equipment: Gloves. Protective goggles. Protective clothing.
Emergency procedures: Evacuate unnecessary personnel. No open flames, no sparks, and no smoking. Avoid contact with skin, eyes and clothing. Ventilate spillage area.

For emergency responders

Protective equipment: Equip cleanup crew with proper protection.
Emergency procedures: Stop leak if safe to do so. Stop release. Ventilate area.

Section 7: Handling and Storage

(a) Precautions for safe handling
(b) Conditions for safe storage, including any incompatibilities

Handling:

Storage:

a. Precautions for safe handling

Precautions for safe handling : Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Handle and open the container with care. Keep away from sources of ignition - No smoking.

Hygiene measures: Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace.

b. Conditions for safe storage

Technical measures: Comply with applicable regulations.

Storage conditions: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Incompatible products: Oxidizing agent. Strong acids. Strong bases.

Incompatible materials: Sources of ignition. Heat sources.

Storage area: Meet the legal requirements. Store in a cool area. Store in a well-ventilated place.

Special rules on packaging: meet the legal requirements.

Section 8: Exposure Controls/Personal Protection

Safety glasses. Gloves. Protective clothing. Use appropriate personal protective equipment when risk assessment indicates this is necessary.

Section 9: Physical and Chemical Properties

Physical state: Liquid
Appearance: Orange to clear liquid
Odor: Pleasant scent
Odor Threshold: no data available
Melting Point: undetermined.
Boiling Point: not relevant.
Flash Point: none.
Evaporation Point: not determined.
Flammability: non-flammable.
Explosive Limits: not relevant.
Vapor Pressure/Density: Not determined
Relative Density: not determined.
Solubility: not determined.
Partition Coefficient: not determined.
Viscosity: not determined

Section 10: Stability and Reactivity

Thermal decomposition may produce oxides of carbon and nitrogen..

Section 11: Toxicological Information

Acute toxicity : Not classified
Ethanol (64-17-5)
LD50 oral rat 10470 mg/kg bodyweight (OECD 401: Acute Oral Toxicity, Rat, Male / female, Experimental value, Oral, 14 day(s))
LD50 dermal rabbit > 15800 mg/kg bodyweight (Rabbit, Experimental value, Dermal)
LC50 Inhalation - Rat 124.7 mg/l air (Equivalent or similar to OECD 403, 4 h, Rat, Male / female, Experimental value, Inhalation (vapours), 14 day(s))
ATE CLP (oral) 10740 mg/kg bodyweight
Tetrapotassium Pyrophosphate (7320-34-5)
LD50 dermal rabbit > 4640 mg/kg (Rabbit)
Skin corrosion/irritation : Not classified
pH: 11 – 12
Serious eye damage/irritation : Not classified
pH: 11 – 12
Respiratory or skin sensitisation : Not classified
Germ cell mutagenicity : Not classified
Carcinogenicity : Not classified.
Ethanol (64-17-5)
IARC group 1 - Carcinogenic to humans
Reproductive toxicity : Not classified

STOT-single exposure : Not classified
STOT-repeated exposure : Not classified
Aspiration hazard : Not classified
Symptoms/effects after inhalation : None under normal use.
Symptoms/effects after skin contact : Contact during a long period may cause light irritation.
Symptoms/effects after eye contact : Direct contact with the eyes is likely to be irritating.
Symptoms/effects after ingestion : Gastrointestinal complaints.
Likely routes of exposure : Skin and eyes contact

Section 12: Ecological Information

Toxicity: no relevant information available.
Persistence and degradability: no relevant information available.
Bioaccumulative potential: no relevant information available.
Mobility in soil: no relevant information available.
Other adverse effects: no relevant information available.
Other information: no relevant information available

Section 13: Disposal Considerations (non-mandatory)

Dispose in a safe manner in accordance with local/national regulations

Section 14: Transport Information (non-mandatory)

Not regulated for transport

Section 15: Regulatory Information (non-mandatory)

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

WARNING This product can expose you to Formaldehyde, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

Section 16: Other Information

Training advice : Normal use of this product shall imply use in accordance with the instructions on the packaging.

NFPA health hazard : 1 - Materials that, under emergency conditions, can cause significant irritation.

NFPA fire hazard : 0 - Materials that will not burn under typical fire conditions, including intrinsically noncombustible materials such as concrete, stone, and sand.

NFPA reactivity : 0 - Material that in themselves are normally stable, even under fire conditions.

SDS date of preparation/update: 9-8-2024
